

# TRIDENT DEEPBLUE TRACK RECORD

## Project References

Propipe has designed and developed the Trident range of Digital Receiving equipment primarily for pig location and tracking. The equipment can also be integrated within other products, such as SMART Gauge to find and locate issues within a pipeline due to through wall communications.

Below is a partial reference list where Trident receiving equipment has been supplied: -

Client	Project / Location	Details
EnerMech	Kaombo	3x DeepBlue Acoustic ROV Receiver
Halliburton	Engina	1x DeepBlue Acoustic ROV Receiver
Allseas	Turkstream	1x DeepBlue Combined Acoustic & EM ROV Receiver (Hire)
Saipem	BP Tangguh	1x DeepBlue EM ROV Receiver
Altus Intervention	Aberdeen	1x DeepBlue EM ROV Receiver (Hire)
EnerMech	Mallita Bar	2x DeepBlue Combined Acoustic & EM ROV Receiver
Narmada	India	1x DeepBlue Acoustic ROV Receiver
Halliburton	GFR	1x DeepBlue Combined Acoustic & EM ROV Receiver
Saipem	Shah Deniz 2	2x DeepBlue Combined Acoustic & EM ROV Receiver
TechnipFMC	Dvalin	2x DeepBlue EM ROV Receiver
Baker Hughes	GWF2	2x DeepBlue Combined Acoustic & EM ROV Receiver
EnerMech	Aberdeen	1x DeepBlue Acoustic ROV Receiver
Baker Hughes	Turkstream	1x DeepBlue EM ROV Receiver
McDermott	Mumbai	1x DeepBlue Combined Acoustic & EM ROV Receiver
Saipem	Liza	1x DeepBlue EM ROV Receiver
Baker Hughes	Aberdeen	2x DeepBlue EM ROV Receiver
